

Andover Self Advocacy Group

6 people came on 24th November 2014 with a support worker and a day service officer

The group shared their news and had a hot drink and a biscuit

2 advocates from

Speakeasy Advocacy

helped people talk about the promise in the Learning Disability Plan that says you should get good support

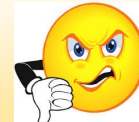

Our ideas on how to check we get good support

Everyone had examples of

good support and

bad support

People with a learning disability can go into people's houses and check that support is good

We can interview support workers

Hampshire
County Council

Let us speak to someone in Hampshire County Council about our support

You can give us a form about our support, but it needs to have pictures and we need help filling it in (and not from our support workers!)
